

# Crash Course

Preparation for Design Entrance Exams like NID, NIFT, UCEED, CEED, MIT-DAT, & more.

Live/Classroom Mentorship Session | Portfolio Development | Dedicated Interview Support

Duration: 4/5 Months (16/20 Weeks) /35 Days  
Eligibility: Aspiring designers

Mentors: From The Design Habitat + IIT + NID  
+ MIT ID+ Other Design Institute

Powerful Course Content Designed by Mentors from:

**IDC**  
IIT Bombay

 राष्ट्रीय डिज़ाइन संस्थान  
NATIONAL INSTITUTE OF DESIGN

 MIT INSTITUTE  
OF DESIGN

 Pearl Academy

 UPES  
UNIVERSITY OF TOMORROW

জাতীয় প্রযুক্তিবিদ্যা প্রতিষ্ঠান গুৱাহাটী  
भारतीय प्रौद्योगिकी संस्थान गुवाहाटी  
INDIAN INSTITUTE OF TECHNOLOGY GUWAHATI

(Classes are available in both **online & offline** modes)

## Program Highlights:

- Portfolio Building
- Learn from leading design institutes and industry experts.
- Get admission guidance from renowned designers and academic experts.
- Participate in mock interview sessions led by academic experts to master challenging questions.
- Regular Q&A sessions with faculty to address student queries.
- Access to a design community for peer interaction and inspiration.

## Course Highlights:

- Over 100+ hours of live sessions with academic experts from top design institutes and IITs.
- Over 10+ hours of guest sessions and masterclasses with renowned designer and NID/MITID/NIFT/IIT etc. experts.
- Develop a Designer-ready Portfolio with real world Projects.
- Dedicated Career support.

The Design Habitat

# A Comprehensive List of Common Design schools Expectations from candidate

## Strong Portfolio

A well-curated collection of your best work that demonstrates your creativity, technical skills, and design thinking.

## Creativity and Originality

The ability to generate unique ideas and express them through design.

## Technical Proficiency

Proficiency in design software and tools relevant to your field of interest, such as Adobe Creative Suite (Photoshop, Illustrator, InDesign)

## Understanding of Design Principles

Knowledge of core design principles like composition, color theory, typography, and layout.

## Problem-Solving and Critical Thinking

The ability to analyze design challenges and develop creative solutions.

## Sketching and Visualization

The ability to quickly sketch and visualize ideas on paper or digitally.

## Research Skills

The ability to conduct research to inform your designs, including understanding user needs, market trends, and materials.

## Upscale Communication and Presentation Skills

The ability to clearly articulate your design ideas, both in writing and verbally, and present your work effectively.

## Adaptability and Open-mindedness

The ability to adapt to new ideas, tools, and methods, and to be open to feedback and change.

*We cover all above key qualities for a strong design career: Strong technical skills, creativity, problem-solving and communication. We prepare you to demonstrate your ability to generate unique ideas, understand design principles, and work effectively.*

## How We Prepare You for Design School

- Understanding the Field of design
- Sketching and Drawing
- Problem solving activity
- General Ability Test

- Color theory
- Perspective drawing
- Presentation Skill
- Portfolio Preparation

### • Research and Networking:

Attend open days, workshops, and exhibitions related to design.

Networking with current students, alumni, and professionals in the field can provide valuable insights and strengthen your application.

Preparation is about showcasing your creativity, skills, and dedication to design. Tailor your efforts to match the specific requirements of the schools you're applying to.

### Speak to our academic adviser:
